

Make a Plan and Commit to Action to Make an Impact!

You've seen how your passions connect to needs that you see in your communities. Now let's create ways you can use your talents to address those needs!

Using your talents and skills list from Part 1, think about projects or activities you can create that would help or benefit the need or gap you are passionate about. Can you paint portraits or create other art that you can sell to benefit a local nonprofit? Are there ways you can mentor someone younger than you on a sport or hobby? Dream big! You never know how your talents can make a difference!

My talent is _____ . One way I can use this talent to support _____ in my community is _____ .

My talent is _____ . One way I can use this talent to support _____ in my community is _____ .

My talent is _____ . One way I can use this talent to support _____ in my community is _____ .

Now, circle your FAVORITE talent and need opportunity. This is your service project – this is how you will make your Project Heart come to life!
